Caibarien.—Three deaths are reported.

Respectfully,

R. H. von Ezdorf,

Assistant Surgeon, U.S. M. H.S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

Report from Nuevitas.

NUEVITAS, CUBA, June 21, 1902.

SIR: Through Surg. A. H. Glennan, U. S. Marine-Hospital Service, I have the honor to submit the following report for the two weeks ended June 21, 1902.

Nuevitas.—Four bills of health were issued to vessels clearing for ports in the United States, 16 health certificates were issued to passengers, and 5 persons were vaccinated. The mortuary reports show 5 deaths from the following causes: Inanition, 1; infantile cholera, 2, and enteric fever, 2.

Puerto Padre.—Three deaths—hydrophobia, 1; malignant pustule, 1, and suicide, 1.

Gibara.—Meningitis, 1. No quarantinable disease has been reported anywhere in this district.

Respectfully,

E. F. McConnell,

Acting Assistant Surgeon, U.S. M. H. S.

The SURGEON-GENERAL,

U.S. Marine-Hospital Service.

Report from Santiago de Cuba-Mortuary statistics.

SANTIAGO DE CUBA, June 18, 1902.

SIR: Through Surgeon Glennan, Havana, I have the honor to forward mortuary statistics for June 1 to June 7, 1902, and June 8 to June 14, 1902. It will be observed that the death rate for the week ended June 14 is just double that for the week ended June 7. It is also more than a third in excess of the corresponding week of last year.

Respectfully,

ALEXANDER B. McDowell,

Acting Assistant Surgeon, U.S. M. H.S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

DUTCH GUIANA.

End of yellow-fever epidemic at Demerara.

DEMERARA, BRITISH GUIANA, June 4, 1902.

SIR: I have to advise the Department that the epidemic of yellow fever which prevailed in Dutch Guiana, and which was duly reported to the Department, has ceased, and clean bills of health are being issued to vessels clearing from the ports of that colony.

Respectfully,

GEO. H. MOULTON, United States Consul.

The Assistant Secretary of State.

ENGLAND.

Report from Liverpool.

LIVERPOOL, ENGLAND, June 17, 1902.

SIR: I have the honor to state that for the week ended June 14, 1902, there were reported to the local health authorities the following cases: Smallpox, 3; typhus fever, 3; enteric fever, 17; scarlet fever, 109; diphtheria, 16, and measles, 146. For the same period there were reported in Birkenhead, 1 case of smallpox, 8 cases of scarlet fever, 1
